

"Dixie Flyer" Plunges Through River Trestle

BETWEEN 25 AND 40 KILLED AND MANY MORE ARE INJURED

Accident Happened at 5 O'clock This Morning 15 Miles South of Tifton, on A. C. L.—Five Coaches Submerged in Water—Ten Bodies Recovered by Noon.

Tifton, Ga., March 25.—(Special)—At 5 o'clock this morning the "Dixie Flyer," one of the most palatial trains operated between Chicago and Jacksonville, was wrecked on a Coast Line trestle across the Alapaha river fifteen miles south of Tifton, Ga., plunging into the water.

The dead is estimated between twenty-five and forty. Up till 12 o'clock ten bodies had been recovered.

Known Dead

Of the dead that have been recovered and identified, are: W. W. Culpepper, Tifton, Ga. F. Bonwart, Henderson, Ky. Mrs. W. D. Fletcher, Rowland, Ill.

Conductor C. J. Parnell, Savannah. Express Messenger Woodward. Fireman Lucius Ellis, colored. Porter Whiddon, colored.

The first reports from the scene of the disaster placed the number of victims at from twenty-five to forty. The real number of passengers cannot be fully determined for some hours, as five of the coaches, including pullmans, dining car and day coaches plunged through the woodwork of the broken trestle.

Ten bodies were recovered up to noon today, but it is believed that there are many others pinned beneath the debris of the cars that are ten feet under the waters of the Alapaha river.

Conductor Parnell of Savannah, who took charge of the train at Waycross, is reported to be one of the dead. Mrs. Parnell is hurrying to the scene of the wreck on a special train that is carrying doctors and nurses from Savannah. A special train has also left Tifton with 11 aid that could be secured.

Flagman Legrade is reported to have had a miraculous escape, although the engineer, Eugene Green, is reported to be badly injured.

Atlanta Report

Atlanta, Ga., March 2.—The "Dixie Flyer" on Atlantic Coast Line wrecked about fifteen miles south of Tifton at 5 o'clock this morning with heavy loss of life. Five hours after disaster ten bodies had been taken from wreck. At that time it is believed that at least twenty others lost their lives.

The wreck occurred where the railroad crosses the Alapaha river several miles south of Ocala, Ga., and some cars plunged through the bridge and are covered by water. It is feared several have been drowned in the river.

Bodies so far recovered were taken from cars which were derailed and broken up. Nine coaches left the rails, five being demolished. Other four plunged into stream where they are submerged in ten feet of water.

The Parkman Ice Cream Company offers for Sunday delivery ice cream as follows: Vanilla, chocolate, champagne and strawberry with the fruit. Phone 102.

SMITH BILL PASSED SENATE LAST NIGHT

Work Late Last Night, But Put It Through. The Bill Had To Pass.

At a late hour last night the Smith bill passed the senate on a vote of 18 to 10. But little fight was put up, for it looked useless, but Senator Norman took a shot at them, and told them that "this session of the legislature will go down in history as the most direful since the days of reconstruction."

The vote for the bill was as follows: Morrow, Allen, Atkins, C. W. Brown, Curry, Espy, Godbold, Justice, Lovelace, Merrill, Moulthrop, Rogers, Sherrod, Sloan, Spragins, Stephens, Tunstall, Vaiden. Against Smith Bill—W. T. Brown, Crumpton, Fite, Frazier, Kilby, Miller, Moody, Norman, Renfro and Stokes.

GAYNOR IS ALSO A FREE MAN

Takes Pauper's Oath and Follows Partner Green, Who Was Released Tuesday

Atlanta, Ga., March 24.—Deceitful and broken in health by illness and long time in prison, John F. Gaynor, who with Benjamin D. Greene, was convicted of embezzlement from the government in connection with harbor improvements at Savannah, Ga., took the pauper's oath late today and was set free.

The oath released Gaynor, as it did Captain Green, from any obligation to pay the government the \$75,000 fine imposed on them in connection with their prison sentences. It also marked the end of the Greene-Gaynor litigation in the United States court, which has extended over twelve years.

When Commissioner Colquhoun announced that he was free, Colonel Gaynor acted dazed.

Montgomery, Ala., March 25.—The insurance clause in the revenue bill, which makes insurance policies evidence of tax valuation as passed the Senate, in the revenue bill, after a hot fight last night, but the bill disallowing a fee for raising taxes gets through also.

It is thought that the house will not pass this bill, not without considerable changes are made in it.

A TREAT FOR THE MEN OF DOTHAN

Dr. Joe Munday of Louisville, Ky., who has a national reputation and who is engaged in special work among the fallen will lecture to him only in the court house tomorrow afternoon at 2:30 o'clock. It will be a clean, refined talk. Admission free.

Reformatory homes for fallen women stand in Louisville, Ky., and Nashville, Tenn., as monuments of Dr. Munday's work. Hear him—he is great.

The Laurens, S. C. Herald says: "Joe Munday's lectures were the most interesting in every sense of the world, delivered in this city, without exception. This is saying a great deal, for there have been giants in the lecture field. He is versatile, goes from grave to gay, from the most touching pathos to the liveliest side splitting wit, with ease. One moment he convulses his audience with mirth, and then in a twinkling he has them in tears. His lectures are chaste and highly moral, almost veritable sermons. We regard Dr. Munday as one of the ablest speakers in the field."

Bowling Green, Ky., Daily News says: "Dr. Munday is nothing if not interesting, and his ability to entertain an audience has no bounds."

VACANT RESIDENCE IS DESTROYED BY FIRE

An empty house on the corner of Crawford and St. Andrews streets was badly damaged by fire last night shortly after 10 o'clock.

The origin of the fire is unknown, but it is thought to be incendiary.

It was the property of Mrs. Lightner, of Clayton, and was insured to the amount of \$500.

LIVELY SCUFFLE OCCURS IN DARKNESS BETWEEN THE TWO MEN

Although the matter has not been reported to the officers and has been kept a secret fairly well, it was learned today of a lively scuffle Thursday night between James McAndrew, a well known young man connected with the Southern Cotton Oil Company, and a burglar, evidently a negro, in the former's room at the home of Mr. W. M. Hunter on North Foster street.

McAndrew had returned from a show at the Elite and had put out the light when he heard the intruder. He immediately jumped upon him and the scuffle around in the darkness for several minutes, when the burglar broke from McAndrew's grasp and jumped from the window, landing on the ground two stories below and ran away.

Had Mr. McAndrew's roommate awakened when called to during the tussle, the two gentlemen would probably have held the intruder, but he did not awake until the man had jumped from the window and was running away.

THE LECTURE LAST NIGHT

The lecture last night on Jerusalem and the Passion Play, by Rev. Sam H. Campbell, was good and well attended.

The speaker was introduced by Rev. H. T. Johnson in his happiest manner, and then Mrs. F. M. Gaines sang Holy City in a most impressive manner.

The lecture was illustrated by slide pictures of the Holy Land.

Conservatism means saying
what you don't think.
Economy is a lesson that isn't
learned by blackboard illustrations.

Atlanta has lost one of her
assets. Mr. Greene is going to
make his home in New York, or
Paris.

Woodrow Wilson will further
his campaign considerably if he
can get up a remedy before sum-
mer that will rid his state of mos-
quitoes.

Considering the number of rum-
ors we have at times to deal with,
the newspapers do remarkably
well to get such a percentage of
correct reports.

The present legislature has been
haddisapped in passing large ap-
propriations, but they are willing
to risk getting through laws later
to create a revenue

It is likely that the extra ses-
sion will last till the work is fin-
ished. The legislature ought to
have time, or take time then, to
get some real bills through.

It still remains a deep mystery,
those hurried letters mailed out
from the governor's office to the
sheriffs of Alabama, asking them
to go out and pull a few blind ti-
gers.

If this race in building dread-
naughts keeps up between the na-
tions it oughtn't to be long before
a pontoon bridge could be laid
across the Atlantic that would
take automobiles.

If President Taft has many more
private secretaries to resign, we
would recommend a secretary who
has had some experience in an-
other department, whose name is
Hallinger, or was, when he left
the city.

It keeps this government of ours
pretty busy building battleships
and shooting the old ones to
pieces. It is nothing to spend ten
million dollars for a dreadnaught
and then have a shooting match
over the discarded remains four
or five years later.

Mr. Greene, who has just fin-
ished an engagement with the fed-
eral authorities in Atlanta, is out,
and says that he will not try to
rebuild his fortune, not at his age
of life. He intimated to a report-
er that he would like the newspa-
per business, and that he might
enter that line of graft if he had
it all to do over.

Governor O'Neal has a job now
of squinting at Hon. J. Lee, a
member of the administrative
family. Since J. Lee got his
begins to look like he has the gall
to oppose the governor on that
matter of tax commissioners. One
time that J. Lee is right, but he
will never get the governor to be-
lieve it, not as long as Colonel
Bowman is hitched to the politi-
cal rack, munching party hay.

There is a movement on foot to
get a better rate of freight on
coal from the Birmingham dis-
trict. The people who buy coal
in Dothan are paying the same, if
not more freights, than the peo-
ple do at Jacksonville, Fla. The
shipments of coal coming right
through Dothan. This is some-
thing that should be remedied.
There is a movement on foot to
remedy it, and we expect the rate
to be deduced.

When they all come home and
pick up the thread of life again,
eating every day grub and retir-
ing at decent hours, the state of
Alabama may be proud of the
work, but it will pay more taxes.
You may call it placing the bur-
den on some one else, but it will
fall finally to the people. Whenev-

or appropriations are made, there
must be some arrangements to
take care of them, and we, the
people of this state, will have to
pay the fiddler

It is a strange fact that all leg-
islatures are cursed for "cool leg-
islatures" when they are in ses-
sion, but Comer and his crowd of
warriors never in their palmest
days, could devise a bill that
would give more general dissatis-
faction than the revenue bill now
before the Alabama legislature,
with a clause to force people who
carry insurance to assess their
property for the amount of their
insurance policies. If every tax
payer in Alabama had to carry
insurance it might be a good way
to arrive at values, but not half
the property owners carry insur-
ance, their business, or property
being of such a nature that they
do not need insurance. They
would be exempt.

Toothpick Trade Off
The Courier Journal tells us
that the toothpick trade has fal-
len off. The price has been re-
duced from \$35 a case to \$3, and
there seems to be no cause for it.
The manufacturers in Maine,
where three fourths of the tooth-
picks of the world are made, have
shut down

The cause need not be a mys-
tery. Several times within the last
few months the Eagle has written
articles against the use of the
wooden toothpick. They are not
in the same class with the goose
quill, the silk thread or rubber
band

Wooden toothpick users all have
gum troubles, and when such
trouble continues, the teeth be-
come loose and fall out.

We are glad to see that our se-
ries of articles have had such ef-
fect.

Get to Have It.
The city has made arrangement
to start to work at once on the
new power plant

The town has needed for some
time a more adequate pumping
station, and the matter has been
under consideration, and now in-
structions have been given to be-
gin work by the first of the month

After figuring on the business
closely for some time, it has been
discovered that the plant can be
made to earn a good dividend, in-
stead of losing money, and the
town will install new machin-
ery to take care of the needs of
the city for years to come

Already there is more demand
for water and electric current
than the city can furnish
The next thing is put down
some more wells. We are now
getting all of the water that the
present wells can furnish.

Probably two more would be
required to supply the present de-
mands. Now, the standpipe stays
almost empty all the time, and
the pressure comes from pumping

Income from property is derived
from rents and the increase in value
due to the increase in the population

Experience has proven that vacant

CALOMEL SOMETIMES CAUSES SALIVATION

Dodson's Liver-Tone Has All the Medicinal Properties of Calomel with None of the Dangerous After Effects

You can get along without taking calomel yourself or giving it to your family when you can buy a substitute for it as good as Dodson's Liver-Tone. Dodson's Liver-Tone is a pure harmless vegetable liquid that starts the liver to action just as surely as calomel does. But, unlike calomel, Dodson's Liver-Tone does not stimulate the liver too much. It cures constipation gently instead of making you more bilious than you were at first, and it can no more salivate you than a tablespoonful of maple syrup can salivate you.

Dodson's Liver-Tone has given such perfect satisfaction to every person to whom Nix Drug Company has sold a bottle that this store will give the money back to any person who buys a bottle and does not find it a perfect substitute for calomel. It is worth something to you to try a medicine with a guarantee like that.

THERE IS MONEY IN THIS FOR EVERY MAN WHO READS IT.

NOT PROBABLY, NOR POSSIBLY, BUT
ACTUALLY REAL DIMES, QUARTERS
AND DOLLARS

The average sale advertisement is mostly blow and big words. The merchandise offered is of unknown value: hence there are hundreds of ways to keep the buyer from getting a square deal.

But when a store offers merchandise known all over the world to be of the highest standard at prices lower than usual there's money in buying that merchandise.

That is what this store is doing. Selling BOYDEN SHOES, HOWARD & FOSTER SHOES, CLUETT SHIRTS, ARROW COLLARS, STETSON HATS, ONYX HOSIERY, and such at less than usual prices. We are doing this at the beginning of the season too. Yes, we lose some money, but charge it to advertising expenses.

Why do we do this? To get the men's trade of South-east Alabama. A wide acquaintance is worth money, and we are willing to pay money for it. ARE YOU WISE?

KANSAS WOMAN HELPLESS

Lawrence, Kas.—Mr J. F. Stone of this city, says "My wife suffered for ten years from womanly troubles, during two years of which she was totally helpless. She was examined by many physicians, some of whom gave her up to die. Finally she began to take Cardui, and since then has greatly improved in health. The tonic, strengthening, and restorative effects of Cardui, the woman's tonic, on the womanly constitution, are the most valuable qualities of this popular medicine. Cardui acts specifically on the womanly constitution. Half a century of success proves that Cardui will do all that is claimed for it. Try it for your trouble."

Berlin, Germany, March 24.—Pastor Russell delivered three addresses here today—one of them to the Jews on "ZIONISM IN PROPHECY"; another on "HERE-AFTER," and the third, which we report, from the text,

"Of those born of woman there is not a greater prophet than John the Baptist, but the least in the Kingdom of Heaven is greater than he" (Luke vii, 28). Very large and interested audiences attended. He leaves tonight for Copenhagen and Stockholm. Crowds of Jews are reported to have heard him during the last three days in Vienna, Budapest, Lemberg and Krakow.

There can be no better illustration of the sharp line of distinction between the earthly and the heavenly classes and their calling than is shown by our text, said Pastor Russell. The great Teacher freely attested to the loyalty and courage and saintliness of his cousin John, as shown by the words of our text. But if so great and honorable a Prophet, why could not John be a member of the Bride class? Why could he not be numbered with the disciples of Jesus and be an Apostle, or at least a footstep follower? The answer is that he was not called to the heavenly plane, but to the earthly.

A Friend of the Bridegroom.

Jesus had a two-fold mission:—
(1) He came "that the world through Him might be saved"—that He might "give Himself a ransom for all, to be testified in due time."

(2) Incidentally His mission was to proclaim the acceptable year of the Lord—the time in which God was willing to accept the sacrifices of such as desire to walk in the Redeemer's footsteps and to constitute these the Bride and Joint-heir of Messiah.

John the Baptist referred to the latter feature of our Lord's work, saying, "He that hath the Bride is the Bridegroom, but the friend of the Bridegroom heareth His voice and rejoiceth greatly. This, my joy, therefore, is fulfilled (John iii, 29). It was not for him to be a member of the Bride, but he rejoiced to be a friend of the Bridegroom. As His forerunner he announced the Bridegroom.

Greatest in the Kingdom.

We must remember that the Church is the Kingdom of God—now in a formative or embryonic state, but in the end, by "the resurrection," to be spirit beings and glorious and partakers with Jesus their Bridegroom in His wonderful glory, honor, immortality and Kingdom work. This Kingdom class is not reigning now but merely forming. It is joined on probation—after the Methodist style. If the probationary period of the present life be faithfully used the full induction into the Kingdom, its glories, honors and immortality, will surely follow—by participation in the First Resurrection.

Amongst the faithful followers of the Master there will still be a difference; as St. Paul explains, "as one star differeth from another star in glory (I Corinthians xv, 41). We cannot know, and it is not necessary for us to guess, as to who shall occupy the chief places in the Kingdom. These shall be given to those whom the Father prefers, as the Redeemer explained to His two earnest followers, who asked that they might sit, one on His right hand and the other on His left hand in the Kingdom (Matthew xx, 21).

John the Baptist Class.

To what class does John the Baptist belong, and what will be his share in the Kingdom, according to our text?

Since the call of God began with the call of the Church, and since it began at the First Advent of Jesus, it follows that no one was called of God to salvation prior to Jesus' time—none until forty-one hundred and fifty years after sin entered the world. Their faith and obedience were pleasing to God; as St. Paul relates—"all these died in faith, not having received the things promised (them), God having provided some better thing for us (the Gospel Church), that they without us should not be made perfect" (Hebrews xi, 13, 40).

Moreover these Ancient Worthies, while not members of the Kingdom, per se, which will be spiritual, will be members of that Kingdom in its earthly phase. They will be the Kingdom's earthly representatives, princes or rulers, in all the earth, as the Scriptures declare (Psalm xiv, 10). We remember the words of Jesus to this effect. Foretelling His Kingdom he declared, "Ye shall see Abraham, Isaac and Jacob and all the Prophets in the Kingdom," but He said not a word about Himself or His disciples being seen; properly so because they, being spirit beings, will be invisible to men.

With such glorious hopes before us, with such appreciation of our heavenly Father's glorious character and wonderful Plan, with such a grand view of our Savior's work, with such a hope of a share with Him in His Kingdom, what manner of persons ought we to be in holy conversation and godliness! Not should it be thought strange that any of the spirit-begotten now, or the restored of the future who would turn their backs upon the glorious provisions made for their salvation, would be unworthy of further favor or blessing at the hands of God and would die the Second Death—annihilation.
